The Vogt Awards

Wes Cobb
Phone: 502.625.0171
Fax: 502.625.0061
123 East Main St. Ste. 203
Louisville, KY 40202
info@vogtawards.com
www.vogtawards.com

The Vogt Invention and Innovation Award is a $5 million endowment left by Henry Vogt Heuser to help inventors and innovators develop their products and ideas. Up to $250,000 is awarded each year. The primary purpose of the program is to memorialize the Vogt tradition of innovation in Louisville and to give selected recipients the recognition and financial support they need to commercialize their product.

The Vogt Development Awards, launched in 2006, provide a 2:1 matching grant up to $10,000 to local entrepreneurs and inventors to assist them in achieving a milestone early in the development stage.

Selection Criteria:

- Innovative content
- Technical excellence
- Strategic business planning
- Potential for improving competitiveness
- Potential market value
- Capacity to generate employment by opening new markets or starting new enterprises
- Anticipated social or environmental benefits
- Willingness to locate all or part of operations in the Greater Louisville area
- Demonstrated need or start-up status
**Who May Apply:** Anyone with an innovative invention or a new and better way to do things, including engineers, students, scientists, technicians, creative people, entrepreneurs, individuals, fledgling companies, inventors, tinkerers, etc.

**Funding Details:** Up to $250,000 per year is available from the $5 million endowment. A specially appointed Vogt Award Selection Committee may elect to award the full amount for the year to one applicant, divide it among several worthy projects, or choose to award a smaller amount each year. This does NOT mean that each awardee will receive $250,000. Funded projects must be commercialized within two years of the initiation of the Vogt Award, unless otherwise approved by The Vogt Award Selection Committee. Payments are contingent on successful attainment of specific milestones negotiated by the applicant and The Vogt Award Selection Committee prior to the initial distribution of award funds.

Vik Chadha
502.625.0152
123 E. Main St. Ste. 203
Louisville, KY 40202
vchadha@greaterlouisville.com

Background: Authorized by the Kentucky Innovation Act, the Cabinet for Economic Development’s Department of Commercialization and Innovation (DCI) has been charged with leading the state’s new economy efforts. By building and promoting technology-driven and research-intensive industries, the Cabinet works through DCI to create high-tech job opportunities and develop clusters of innovation throughout the state.
DCI’s Programs:

- **Small Business Innovation Research (SBIR) incentive program** encourages small businesses to explore their technological potential and maximize profit from commercialization. DCI will match all Phase 1 Federal awards received by Kentucky businesses after January 1, 2006 and all Phase 2 federal awards received after January 1, 2007. This includes matching awards of up to $100,000 for Phase I grants and up to $750,000 for Phase II.

- **Business Plan Competition and Award** encourages entrepreneurship and develop new high-growth ventures in the Commonwealth. The winner(s) receive a cash award of up to $100,000.

- **High-Tech Construction and Investment Pools:**
  - The High-Tech Construction Pool is used for projects with special emphasis on the creation of high-tech jobs and knowledge-based companies. The commissioner recommends funding of companies to KEDFA for approval.
  - The High-Tech Investment Pool is used to build and promote technology-driven industries and research-intensive industries with the goal of creating clusters of innovation-driven industries in Kentucky. The commissioner recommends funds to be used to support loans and grants, or secure an equity or related position to KEDFA for approval.

**Kentucky Science and Technology Corporation**

**Contact:**
Matt McGarvey  
859.255.3310 x240  
200 W. Vine St. Ste. 420  
Lexington, KY 40507  
[www.startupkentucky.com](http://www.startupkentucky.com)
Background: The Kentucky Enterprise Fund encourages the enhancement of technology-based economic development by leveraging resources throughout the Commonwealth to create jobs and wealth for the citizens of Kentucky and enhance the state's image as an attractive and successful location in which to live, learn, and grow. We work with early stage business and technology development activities including business plan creation, early seed capital funding, team creation, technology planning, and proof of concept development.

KSTC’s Programs:

- **ICC Concept Pool Fund** – This grant provides up to $25,000 for early-stage companies to develop their proof of concept or prototype. To be eligible, companies must have less than 150 employees and be an ICC client; companies are required to match Concept Pool funding 1:1.

- **Rural Innovation Fund**
  - **Level 1** - This grant serves a similar purpose as the ICC Concept Pool fund, but is targeted to small (no more than 50 employees) Kentucky-based companies located outside of Jefferson and Fayette counties. Up to $25,000 is available, and all funds must be spent with an independent, third party contractor.
  - **Level 2** - The Level 2 fund is an investment that expands upon the Level 1 grant, providing up to $100,000 (over 2 years) for the company to develop a proof of concept or prototype. Payback of Level 2
funds is required via convertible note; or the investment made be made as part of a qualified round of financing.

- **$200,000 R&D Voucher Fund** - This grant is available to all Kentucky-based companies with no more than 150 employees and provides up to $200,000 (over 2 years) for technology-based product development. Companies must contact with an accredited postsecondary institution in Kentucky for at least 51% of the funds, and must match the investment funding 1:1. Payback of R&D Voucher funds is required via convertible note; or the investment made be made as part of a qualified round of financing.

- **Gap Fund** - The Gap Fund is available to any previous recipient of a Kentucky Enterprise Fund award and provides up to $400,000 (of a minimum $1 million round of qualified financing) for business development. Companies must raise at least $600,000 from private, accredited investors as part of the $1 million round.

Louisville, KY 40202
vchadha@greaterlouisville.com

**Background:** The Kentucky Science & Engineering Foundation (KSEF) was created to invest in research and development activity to promote innovation and build a pipeline of new ideas and technologies that could add value to the scientific
and economic growth in the Commonwealth. Created under the Kentucky Innovation Act of 2000, the mission of the Kentucky Science & Engineering Foundation is to build science and engineering capacity and excellence by investing in exploratory advanced research, purpose-driven research, research in emerging technologies and ideas, human resource development and technological innovations in Kentucky.

**KSTC’s Programs:**

- **Kentucky SBIR/STTR Phase Zero and Double Zero Grant Program** - These funds are earmarked for the development of Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) proposals. The goal of these grants is to assist Kentucky's entrepreneurs with the preparation of high-quality, competitive Phase I and Phase II proposals (respectively) for submission to participating Federal SBIR and STTR programs.
